

Dumpster Fire Ornament

In your bag: small cardboard box, black paint, green paint, paintbrush, glitter glue pen, tissue paper squares in red, orange, and yellow, red yarn

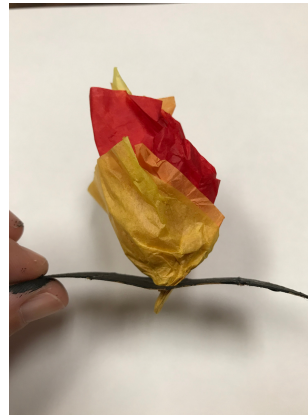

Fold your box, as shown.

Cut off the top flap, as shown. This will be used later.

Paint the inside of the box black, the outside green.

Take the tissue squares and place a pencil in the center. Fold tissue paper up around the pencil to create the fire then stick the small end through the hole of the flap that was cut off in Step 2.

Tuck the fire inside of the box. Glue may be used to secure if you wish.

Tie string to the top of the box and use the glitter glue pen to write 2021 on the front of your "dumpster"!
