

Pony Bead Clownfish

Included: Plastic lacing, pony beads in orange, black, and white, keyring

Step 1: Fold the string evenly in half. Place the loop you created through the center of the key ring. Take the ends of the string and pull through the loop, creating a knot onto the key ring.

Step 2: Place two orange beads onto the left string. Place the right string into the opposite end of the same beads and pull tight. This will be how you assemble your rows. Follow the pattern below to finish the clownfish.

Step 3: When you are finished, make a knot on each side of the last row to secure the beads.

Clownfish Pattern

Row 1- 2 Orange

Row 2- 3 Orange

Row 3- 2 Orange, 1 Black, 1 Orange

Row 4- 5 Orange
